The Atlantic hotel, with 52 rooms, and the largest on the Eastern Shore, and a few years ago considered much too large for the place, has proven to be entirely too small at times during this summer. It was so full last week that the overflow could only be accommodated with cots in parlor, attic and every other available place in house. It looks now as if the hotel instead of being too large, would have to be made larger for another season.

Arrivals at Atlantic Hotel this week: Hon. Sydney Mudd, Senator Charles Gibson, C. R. Newman and valet, Dr. T. V. Hammond, Washington, D. C., John Gohl and wife, Mrs. E. W. Waller, Miss B. Mr. George W. Gillespie had a narrow escape from serious injury last week. In jumping from a cart, one leg was caught between the wheel and body of cart and the other was entangled in the reins, and in that position he was dragged for a short distance. Luckily the horse stopped before any serious injury was done him.

Our people, without a single exception so far as known, are congratulating themselves upon the fact that Mr. V. S. Dietrich will again have charge of our school. Mr. Dietrich seems to have accomplished the almost miraculous feat of having pleased every patron of the school, and besides is beloved by all of his pupils. Thrice welcome will he be to our village.

This community was greatly shocked to hear on Tuesday last, that our neighbor and an excellent citizen, Salathiel Marshall, was no more. He was about 42 years of age and well thought of by everyone. Sad to state, he leaves several quite young children, who will be dependent upon their mother almost alone, both for guidance and support. The sympathy of the entire neighborhood is with them.

Suit is about to be entered by William Walsh, Esq., and others, against certain parties, and will probably determine the rightful ownership of what is known as Asawanman beach. The boundaries of this private ownership in the beach and adjoining marshes, bays and creeks, we hope will then be definitely settled, so that the public may know the limits of its privileges in these contested waters and marshes.

Samuel Peterson, one of Neptune's gallant sons, and captain and owner of the saucy little sloop Minnie, is justly entitled to the smiles and thanks of our village ladies and gentlemen too, for uniform kindness, courtesy and forbearance received at his hands whilst being conveyed to and from our beach, on more than one occasion during the present party season. Three cheers for the Minnie, her captain and crew, say we.

John Fisher Shot and Instantly Killed.

The following account of a tragedy in upper Accomack, handed to us by a messenger, Thursday, has been confirmed by later advices:

"A feud of long standing resulted in the death of one of the parties about 10 o'clock on Wednesday night, at Persimmon Point, about one mile east of Mappsville. John H. Fisher, a man of some good traits, mingled with many bad ones, was killed by the Wright boys, his old enemies. Fisher seems to have been the aggressor in the affray that terminated his own earthly career. Wm. Wright a very quiet and well disposed young man together with several neighbors had gathered in Ewell & Abbott's store, Fisher came in and immediately began covertly accusing Wright of burning his fodder and with many other disreputable deeds, Wright told him that if he meant that he had burned his fodder that he was a liar, Fisher thereupon grabbed a weight off the scales and struck him. Wright drew his pistol and began firing at Fisher, but without effect, who immediately withdrew. Wright then apparently thinking that Fisher had gone home after his gun, went to his brother Arthur's house a short distance off and returned immediately with his brother to the scene both armed to the teeth for the expected battle. Fisher soon made his appearance, and when within about forty yards the Wright boys opened on him. Fisher fell without firing a shot. He died in a very few minutes, being shot through the right lung with a ball and with many gun shots in his breast. No weapons have been found upon or near Fisher's body."

That the words of Fisher led to the tragedy there seems to be no doubt, but that the crime is worse than detailed above appears from the evidence of parties who witnessed it. The following, as we are advised, is substantially correct: That William Wright after chasing Jno. Fisher from the store and shooting after him until the contents of his pistol were discharged, three shots or more, went to his brother Arthur's home and accompanied by him returned to the store, one armed with pistol and gun, the other with axe and gun—that though advised by all present to return home they refused to do so—and that while waiting there, hearing Fisher coming from his home, they went to meet him and when in about forty yards of him without giving him further warning, deliberately took aim at him and riddled him with shot and bullets, inflicting wounds of which he died instantly.

The verdict of the coroner's jury is, "that John Fisher came to his death at the hands of Arthur Wright and William Wright from pistol and gun shot wounds."

The parties charged with the crime were arrested and lodged in jail by Constable C. C. Dix, on last Thursday.
